BIDDING INFORMATION

It is the responsibility of the bidder to look at the site to be contracted, evaluate the amount of work needed on each pay item and bid accordingly. The main intent here is to raise the crown base height. Follow specifications as identified in the general specifications that are attached to this IFB. Any changes to the contract specifications need to be discussed and agreed upon by the COR, the districts fuel planner, and approved by the Contract Officer.

- All bids will be received by April 28th 2017.
- Contract start date is projected May, 12 2017.
- The Colville Tribe requires a minimum of $1,000,000 of **general contractor's liability insurance** prior to start of work; time will begin when contract is signed.
- Contractors should be aware that the Colville Tribes will comply with all IRS tax reporting requirements. Any monies paid to the contractor in connection with this contract will be reported as required to the IRS. The Colville Tribes will issue Form 1099 to the contractor for tax reporting purposes as required by the IRS at the end of the year.
- General and Technical Specifications for this project are attached.
- Bids for this project will be selected based on several criteria which includes, but not limited to:
    - The most responsive, responsible bid
    - Indian preference
    - Past performance
- All Bids must be clearly marked Lake Roosevelt/Keller WUI Bids on outside of envelope.
- A Bid Evaluation Information sheet is attached and will need to be completed and returned with your bid.
- A Bid Sheet (Exhibit B) is attached and will need to be filled out and returned with your bid packet.
- A work plan (Exhibit E) is attached and will need to be filled out and returned with your bid packet.
- The Colville Confederated Tribes, reserves the right to negotiate additional blocks/acres in the event it is in the best interest of the Tribes.
- The following equipment is recommended to successfully complete this contract:
    a. Chainsaw
    b. Pruner (Gas powered or Manual)
    c. Compliance with all equipment manufacturer, Federal, and State laws, regulations and instructions for work of this nature.
