CCT-DOT starts providing services when there are 4" inches of new snow on the ground between the months of November 2023 – April 2024

CCT-DOT and Contractors have a lot of ground to cover. Response time is dependent on the weather and ability to keep equipment running and ensure the safety of our employees. If the county or city closes down the main roads, we will not dispatch any of our snow plows.

CCT-DOT is responsible to provide a safe way **IN** and **OUT** and **1 parking spot**.

*\*You are responsible for other extended areas of your property.*

Please take note of the following guidelines to ensure efficient snow removal and prevent damages:

-  Please clear snow from vehicles and clear up to **two feet** around vehicles to reduce risk of damages to personal property
-  To ensure that only snow is getting plowed **please pull your car forward as much as possible** and mark your sprinklers, curbs, or other buried areas with bright colored stakes. It is the **homeowner or tenants responsibility** to mark where the sewers are, sprinkler heads, and other areas you **do not** want plowed or damaged
-  CCT-DOT **will not** be held responsible for any accidents which occur on or around the driveway before, during or after snow removal, that does not directly involve the contractors or equipment.
-  CCT-DOT **will not** plow your driveway if there are any obstacles in the way such as:
  -  Mailboxes, cars, etc. to ensure your driveway gets plowed please make sure any and all possible obstacles are out of the way.
