Annette Moses, Vice Chair
Nancy Armstrong-Montes, Director
Anna Vargas, Director
Stephanie "Pete" Palmer, Director

March 27, 2020

Parents and Community:

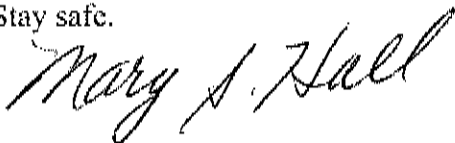

The Nespelem School District will continue to provide meals Monday through Friday between 11:30-12:30. Students will continue to pick up their meals at White Buffalo, New HUD, Old HUD, and City Park.

Meals will be provided during the scheduled week of spring break.

We are able to provide this critical service because our school staff believes it is important for our students. Staff come to work every day to help prepare, package and distribute the meals. Be assured we take every safety precaution in that process. All staff working in our food services program have a food handler's permit.

There have been times we were short on staff and Tribal Head Start staff has helped. I do want to acknowledge the help and thank them. School staff and Head Start staff make a good team. Working together, we feed our children.

Stay safe.

Dr. Mary S. Hall,
Superintendent
